

ASH PARK WATER USER'S

Eight day rotation to begin April 1st. Follow schedule even if water is not in ditch to begin with.

Approximately 100 acres have the water together in one ditch, this gives the water user 115 inches of water in the main ditch to be divided according to the land acreage. Total water to be allocated is 97.895 inches.

8 days multiplied by 24 hours equals 192 hours.

192 hours multiplied by 60 minutes equal 11,520 minutes.

11,520 minutes divided by 100 acres equals approximately 115 minutes per acres.

2003 BURN PERMIT NUMBER: B 03 00201 **Air Quality Bureau index number** Call: 373-0313.

No Burning if AIR Pollution Index is 100 or more

The times allocated are approximately close.

NAME	ADDRESS	ACRES	TIMES
<u>Begins April 1st 8:00 am to</u>			
J.W. Ramisch	April 2nd 1:00am. 2911 N. Cole Road	3.50	8:00am to 2:30pm

All names in bold print are	active water users.		

All users will to turn the water down to the next user or to the south ditch when their allotted time is reached. User(s) are responsible for all damages and/or fines due to their actions and/or in actions.

All users are to clean and maintain their own ditches, open ditch, buried pipe and head gates, before the start of the irrigation season (April 1), to include ditches on their property and along right-a-ways.

NOTICE

The annual Ash Park Water Users meeting will be held at the church of the Brethren, Cole and Settlers Road. Meeting date is January 11, 2003 at 7:00 p.m. in the church library room.

The annual charge of \$5.00 per user per year is due and payable at the meeting or by April 1 of the current year to the Secretary-

Treasurer: **Reisse L. Perin 208-322-0188**

7721 Settlers Road; Boise, ID 83704

This Revisions of the 1975 Ash Park Water Schedule was voted upon at the last water meeting held March 27th, 2002, and was necessary due to additional acreage withdrawing from use of water on account of commercial usage. As far as can be determined, the total water is being retained in district, however such acreage retains their water right, without annual charge if no ditch, center, is within fifteen feet of a property line. Ditch owner is anyone or organization that has an open or closed ditch on thier property or along the property right-a-way with out regard to whether the property owner elects to use their water rights. (only acreage using water are listed above).
